2024 SPRING COLLECTION

REVIX®

It's time for a defensive REVolution to America's pastime. With advanced stats and data available like never before, the game is rapidly changing. Now, there's 1 glove changing how you field too. Forget everything you know about traditional ball gloves and open your eyes to the neXt generation of glove design: introducing the Rawlings REVIX.

After several years secretly researching and developing cutting edge technology, the REVIX was born. Countless hours in the lab deconstructing past glove designs, evaluating new game-changing technologies, and engineering incredibly scientific build and design processes with the highest performance materials led to a breakthrough. An ultra-lightweight, form-fitting, game-ready glove that gives you consistently unmatched playability across the field. The Rawlings REVIX rewrites glove history, while shaping its future. Join the REVolution now with the Rawlings REVIX!

- Infused with Carbon's Digital Light Synthesis™ (DLS™) technology you get a perfect 3-D shape, thinner - yet sturdier - padding, and a sleek profile that won't break down over time.
- Constructed with an optimized lattice structure, the REVIX provides variable stiffness in the thumb and pinky, which significantly reduces weight without sacrificing protection or durability.
- Innovative, lace-less web design eliminates top-of-the-web lacing, resulting in improved fielding ability.

- Adaptive fit system encompasses a wider range of wrist sizes for a snug, tailored 'custom' fit.
- Crafted with world-renowned Heart of the Hide® palm leather padding recognized for its quality and authenticity.
- Advanced manufacturing processes and materials ensure immediate and consistent performance.

PRO PREFERRED®

Known for their clean, supple kip leather, Pro Preferred® series gloves break in to form the perfect pocket based on its owners' specific playing preference. The top pro game-day patterns and pro-grade materials unite to deliver the quality and performance that the very best in the game demand and rely on season after season.

- Full-grain kip leather provides unrivaled look and feel
- Professional patterns
- 100% wool padding aids in pocket formation and shape retention
- Pittards® sheepskin palm lining wicks away moisture and adds superior comfort

- Pro grade leather laces add durability and strength
- Padded thumb and pinky sleeve for added comfort
- Individual identification numbers

HEART OF THE HIDE® TRADITIONAL

For more than 65 years, Rawlings Heart of the Hide® gloves have been a staple for many of baseball's most well-known pros, and that tradition continues today. Our Heart of the Hide traditional gloves feature all the same premium materials you expect in a pro model glove - high quality US steerhide leather that forms to the perfect shape and pocket, deer tanned cowhide palm lining and soft full-grain finger back linings for ultimate comfort and pro grade leather laces for durability and strength. Marked by established pro patterns and classic color ways, these gloves pay homage to the rich history of Rawlings gloves while incorporating the latest technology and performance attributes - the best of both worlds.

ENCORE

Just when you thought leather couldn't have technology here it is—cue the Encore! Finally a glove technology you can see and feel, this web and pocket combination is bound to be a fan favorite. Its bolstered base design prevents against sting thanks to the added protection in the palm area. Additionally, its inventive web construction and deep pocket allows the fingers to close around the web, keeping the shape of the pocket intact. Worthy of an encore, it will be the glove you come back to again and again.

- Patented web construction and deeper pocket allow fingers to close around the web
- Extended base design prevents against sting having added protection in the palm area
- Overall design promotes faster break in and easier close while still holding shape
- Adjustable hand opening for a custom fit

REVIX SOFTBALL - COMING JANUARY 2024

Just a few years ago, Rawlings REVolutionized the world of baseball gloves with the introduction of the REVIX, completely changing the game in the process. Now the defensive REVolution has expanded to softball, creating the neXt cutting-edge innovation in gloves for elite fastpitch athletes. These ultra-lightweight, form-fitting, game-ready gloves provide consistently unmatched playability, and feature colorful, futuristic designs sure to turn some heads. Join the REVolution now with the Rawlings REVIX for softball!

FEATURES & BENEFITS

THUMB AND PINKY:

- **Feature:** Precision-tuned lattice stabilizers
- **Benefit:** Reduces weight & maintains durability

GLOVE BACK:

- **Features:** Engineered multi-layer back with molded 3D design
- **Benefit:** Sleek, thinner profile that won't break down over time

HEEL and WEB:

- **Feature:** Innovative lace-less web and heel
- **Benefit:** Unobstructed fielding surface for consistent performance

WRIST:

- **Feature:** Adaptive hand opening
- **Benefit:** Tailored fit with unmatched comfort & control

LEATHER:

- **Feature:** World-renowned Heart of the Hide® palm & gusset leather
- **Benefit:** Professional quality break-in & performance

ICON™ -3

2-PIECE COMPOSITE

2%

RBB313

31" 32" 33" 34"

Optimized for maximum performance the Icon is engineered with a seamless carbon composite barrel, a stiff connection and composite handle to create the most smooth feeling 2-piece model in the game. Slightly end loaded with a massive sweet spot, every hitter is provided a completely unique feel at contact and unmatched sound off the barrel.

- **In/Tense Carbon Composite:** Fully engineered seamless carbon composite construction maximizes barrel size and performance while maintaining optimal stiffness and increased trampoline.
- **Swing Weight:** Tuned balanced performance design provides a balanced swing weight with slight endload, best for all players who want maximum speed and performance.
- **Zero Loss Technology:** Strengthened and perfected TPU connection joint yields added durability and stiffness in the handle.
- **Two-Piece Composite Construction:** Composite handle + composite barrel created largest most forgiving barrel with stiffness preferred by elite hitters.
- **RevGrip:** Premium grip material with unmatched tack and cushion.

GENERATIVE

TECHNOLOGY

WHAT IS ARTIFICIAL INTELLIGENCE (AI)?

In its simplest form, artificial intelligence (AI) is a field, which combines computer science and robust datasets, to enable problem-solving. It also encompasses sub-fields of machine learning and deep learning, which are frequently mentioned in conjunction with artificial intelligence. These disciplines are comprised of AI algorithms which seek to create expert systems which make predictions or classifications based on input data. (Source: IBM.com)

HOW CAN AI HELP MY SWING?

Whether it's your batting average or swing velocity, baseball is a game of numbers where the smallest variance can make the biggest difference. Working with the most technologically advanced and skilled experts in this area, Rawlings has pioneered new breakthroughs in bat construction that will directly correlate to improved offense. Our patent pending AI technology utilizes a system of supercomputers to develop and evaluate thousands of inner wall variations. The result is the most optimal, finely tuned barrel design made to date. This process results in increased precision and consistency to ensure you're getting the most out of each bat.

WOOD PROFILE GUIDE:

Choosing the profile of a wood bat that fits your strengths, your swing path, and your bat speed shouldn't be a difficult task. Rawlings has developed a simple guide to steer you into the right profile based on the unique attributes of each profile offered:

SWEET SPOT: What makes each profile unique is generally the diameter and length of the barrel. A larger flat barrel will offer the hitter the most forgiveness when not squaring a pitch up.

POWER: Each profile inherits a wood density which contributes to the hardness of the barrel and the velocity in which a ball comes off it. In short, the higher the density, the higher the exit velo. Density and Sweet Spot work together to help maximize your exit velo.

SWING WEIGHT: As a player's strength and hand speed develops, choosing a bat that swings heavier will maximize exit velocity when squaring up a pitch. On the contrary, choosing a lighter swinging bat will maximize barrel speed allowing a hitter to barrel up a ball more consistently.

WOOD BATS

Big Stick Elite

BIG STICK ELITE WOOD BATS

The heritage of Rawlings wood bats has always centered around a player's identity and choice of lumber as carrying a 'Big Stick'. Players past and present have trusted the Rawlings Big Stick to outperform its competition. The Big Stick Elite collection of wood bats seamlessly combine the heritage of trusted profiles and design with the elite performance a hitter demands.

MANTRA PLUS+

CONSTRUCTED WITH HIGH-QUALITY CARBON COMPOSITE TAILORED FOR IMPACT TOUGHNESS AND SPEED

PRECISION-MOLDED INNER BARREL WITH A LOWER FLEX OUTER BARREL COMBINE TO GENERATE ULTIMATE POWER AT THE PLATE

REMOVABLE SWING ANALYSIS SENSOR APPROVED FOR IN-GAME USE (SOLD SEPARATELY)

FUSED HANDLE, COLLAR AND BARREL DESIGN INCREASES DURABILITY

STIFFER AND THINNER POWERSYNC™ CONNECTION CREATES CONSISTENT, OPTIMIZED PERFORMANCE

JOCELYN ALO
COLLEGIATE SOFTBALL'S ALL-TIME HOME RUN LEADER

MANTRA™ PLUS -11	EVENLY-BALANCED THREE STEP INNER BARREL	RFP3MP11	29" 30" 31" 32" 33"
MANTRA™ PLUS -10	EVENLY-BALANCED THREE STEP INNER BARREL	RFP3MP10	30" 31" 32" 33" 34"
MANTRA™ PLUS -9	EVENLY-BALANCED THREE STEP INNER BARREL	RFP3MP9	33" 34"

- **In/Tense Carbon Composite:** Directionally positioned and fully engineered composite construction maximizes the barrel size while maintaining the lowest compression possible and optimal trampoline.
- **Zero Loss Technology:** Strengthened connection joint yields added durability with a smooth transition from barrel to handle.
- **Three Step Inner Barrel:** Revolutionary inner barrel system engineered to allow the most flexible outer shell for maximum performance.
- **Tuned Balance Performance:** Optimized high flex handle and low compression barrel combine for a finely tuned bat built for elite level hitters.

MANTRA 2.0

MANTRA™ 2.0 -10	EVENLY-BALANCED THREE STEP INNER BARREL	RFP3M10	30" 31" 32" 33" 34"
MANTRA™ 2.0 -9	EVENLY-BALANCED THREE STEP INNER BARREL	RFP3M9	33" 34"

- **In/Tense Carbon Composite:** Fully engineered carbon composite construction maximizes barrel size while maintaining low compression and optimal trampoline.
- **F2 Collar:** Fully reconstructed connect joint reduces barrel drag and vibration through the handle for a fast, smooth, powerful swing.
- **Three Step Inner Barrel:** Revolutionary inner barrel system engineered to allow a more flexible outer shell for maximum performance.
- **Tuned Balance Performance:** Optimized high flex handle and low compression barrel combine for a finely tuned bat built for elite level hitters.

Compression refers to the pounds of force (lbs) necessary to compress the ball ¼ inch.

RED DOT® 3-PIECE TECHNOLOGY

A step above competitor's 2-piece softballs: that is why the best players in the nation choose Rawlings. The inner core uses Rawlings' proprietary dense cell formulation, creating a ball worthy of being the Official Championship Softball of the NCAA® and NAIA®. With the addition of the C-LOK™ adhesive and moisture barrier, the improved pro-leather cover with just the right amount of tack, there is no wonder why Rawlings has a rich tradition in fastpitch softball.

Balls without Rawlings' C-LOK™ and poly-core combination can absorb moisture and lose compression (get softer).

C-LOK™ plus Rawlings' proprietary dense cell poly-core technology repels moisture and maintains higher compression.

DREAM SEAM® HIGH-DENSITY CORK

For teams wanting the distinctive sound and feel of cork, Rawlings offers a complete line of NFHS®, ASA®, USSSA®, NSA® and ISC™ cork game balls. Made of high-density cork and Rawlings' patented Dream Seam® Technology, they offer the performance you demand while giving a lower cost option in game balls.

RIF® TRAINING BALLS

Rawlings was the originator of RIF® balls designed to reduce the severity of ball impact injuries. Since the original RIF® game balls, Rawlings has expanded its offering to practice-level soft-training balls. These products are great for outdoor as well as indoor training.

RIF USA SOFTBALL® RAISED SEAM FASTPITCH SOFTBALLS

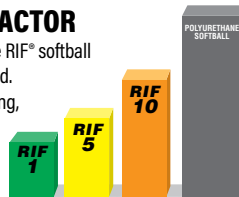

RIF

SE Certified
Product Meets
NOCSAE®
Applicable Standard

REDUCED INJURY FACTOR

Rawlings is the creator of the RIF® softball and all are NOCSAE® approved. All RIF balls reduce bat denting, especially in cold weather when balls get harder.

BENEFITS

- Reduces bat denting
- Enhances skill development
- Reduces fear of ball impact due to lower compression specifications of the ball
- Can lower team insurance rates
- Does not change the game

Only one brand can provide the continuous expertise, dynamic innovations and unwavering protection demanded by the game's most skilled athletes. Worn by every single pro in the Major and Minor leagues along with countless young athletes that dream and aspire to play like them, Rawlings' batter's helmets have been the trusted choice and leading standard in head protection for decades. This same commitment to product excellence has yielded a collection of Rawlings helmets that challenge traditional design and technology. Each and every Rawlings helmet has been masterfully designed with pro-inspired technical features and cutting-edge styles that echo throughout the entire line. From T-ball to the Big Leagues, Rawlings is the one and only brand that fits at every level.

HELMETS

MACH HI-VIZ

MACH HI-VIZ BATTING HELMET

VISIBILITY IS VITAL!

Every practice, every game - there's endless action to take in. Fast pitch athletes need a helmet and face mask that allows them to fully visualize each play resulting in maximum on-field performance. Now, success is made clearer than ever with the all-new high-visibility softball helmet from Rawlings! With a 30% percent larger viewing window than traditional helmet/facemask combos, and a stainless-steel cage with optimal, varied thickness, this newly engineered design will ensure you see and experience the game like never before!

NEW
